

Diesel engine family

Application: Main line locomotives, shunting locomotives, diesel multiple units

The brand name of Ganz GM185V-VG-CR engines are diesel engines those compile the latest requirements:

- low emission*
- high efficiency fuel pump
- common rail injection system
- electronic governor system
- electronic engine diagnostic system
- reliable, long life construction

Type	Cylinders	Power (kW)	Speed (rpm)	Emission
6 GM185V-VG-CR	6	750	1500	IIIA / IIIB
8 GM185V-VG-CR	8	1000	1500	IIIA / IIIB
12 GM185V-VG-CR	12	1500	1500	IIIA / IIIB
16 GM185V-VG-CR	16	2000	1500	IIIA / IIIB

*EU Directive 2004/26 EC, stage IIIB with exhaust gas after treatment system
